KASESE

"I and my family are so thankful for the fund you sent me. I bought 2500 bricks. I managed to clear the ground and carry marram to the site. I can also pay the engineer who can construct it. Continue praying for me and support me. It still requires 4500 bricks that will complete the house."

Slide 8

SSENGE

- Message sent 9th December: "Greetings from Uganda! On Tuesday evenings we have an open home. It's always a lovely time for people to gather in our home to share a meal, partake in family devotions, play games and encourage one another."
- On Sunday afternoon we are planning to sing Christmas carols in the community. This is something we've not done before! Pray for the people in our village of Ssenge, that they may grasp why Christ was born as they listen to the carols sung by Ssenge Baptist Church. As ever, thank you for your prayers!"
- Bosco and Heidi have received funds to support their work.
